

Community Risk Reduction: Integrating Our Efforts

Vision 20/20

DATE June 5, 2013

8:00 am to 5:00 pm

Department of Fire Services
1 State Road, Classroom 125
Stow, MA 01775

Cost – **FREE**

Attendance Limited to **first 50** Applicants

This one day course is intended to familiarize fire operations personnel with the concepts of community risk reduction, stressing their importance in today's tough economic times. It is more important than ever for the fire service to seek innovative ways to assess risks and integrate mitigation strategies to manage call volume and improve public safety.

Sponsored by Vision 20/20, a project of the Institution of Fire Engineers, USA. Funding is provided through the DHS Assistance to Firefighter Grant Program.

June 5, 2013
Stow, MA
